

Erledigt Ozmosis 894M is Mist

Beitrag von „thomaso66“ vom 19. März 2014, 18:11

😊 sollte es aber.... ok mach es anders Chamäleon Wissard und dann oben rechts bdmesg 😊
geht auch per Terminal.

The screenshot shows the Chameleon Wizard application window. The title bar reads "Chameleon Wizard". The menu bar includes "Installiere", "org.chameleon.Boot", "SMBios", "DSDT", "Modules", "Themen", and "bdmesg". The main content area displays a log of boot events:

```
