Azurewave CE123H -> Bluetooth

Beitrag von „al6042“ vom 30. Oktober 2015, 23:20

Hi,

hast du den schon versucht:

Zitat

Kext Customization:

You can customize the kext for choosing firmware by editing the file "info.plist" located inside my kext "BTFirmwareUploader.kext/Contents/".Go to the section "IOKitPersonalities" and edit the entry which has your vendor and device id values.
