## OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „dkbro“ vom 21. Februar 2016, 14:09

[crusher](#) Thank you) like a saw, that is that I run the graphics card do I need to DSDT and SSDT and put in the EFI / Oz / Acpi / Load I understand correctly?  
and to correct the name of a Macpro 2008 on a iMac 14.2 to rule OzmosisDefaults.ffs?
