

Erledigt

El Capitan - Kernelpanik nach Aufwachen aus Sleep

Beitrag von „bartl1_de“ vom 1. März 2016, 21:15

Ja klar. Bootloader: CLOVER

Config:

Spoiler anzeigen

KEXTs im Clover: FakeSMC und AppleIntelE1000

Audio über VoodooHDA installiert über Installer

Kenel Panik folgendes steht im log:

Code

1. 0
2. 1/03/16 21:17:06,000 kernel[0]: Wake reason: UHC4 UHC5 LAN (Network)
3. 01/03/16 21:17:18,000 kernel[0]: Unsynchronized TSC for cpu 2: 0x00000000dbb87ca0, delta 0xdb24ddb0
4. 01/03/16 21:17:18,000 kernel[0]: Unsynchronized TSC for cpu 1: 0x00000000dbd9274c, delta 0xdb24dd7c
5. 01/03/16 21:17:18,000 kernel[0]: Unsynchronized TSC for cpu 3: 0x00000000dbf7411c, delta 0xdb24ddd4
6. 01/03/16 21:17:18,000 kernel[0]: Previous sleep cause: 5
7. 01/03/16 21:17:18,000 kernel[0]: Process[411] crashed: NotificationCent. Too many corpses being created.
8. 01/03/16 21:17:18,000 kernel[0]: Process[338] crashed: Finder. Too many corpses being created.
9. 01/03/16 21:17:18,000 kernel[0]: Process[689] crashed: Console. Too many corpses being created.
10. 01/03/16 21:17:18,000 kernel[0]: 001387.187580 AppleUSBHCIPort@1a300000: AppleUSBHostPort::forcePowerGated: kPowerStateSleep completed with 0x00000000 after 1152ms

11. 01/03/16 21:17:18,000 kernel[0]: Process[50] crashed: configd. Too many corpses being created.
12. 01/03/16 21:17:18,000 kernel[0]: 001386.044739 AppleUSBHCIPort@1d200000: AppleUSBHostPort::forcePowerGated: kPowerStateSleep completed with 0x00000000 after 18446744072557ms
13. 01/03/16 21:17:18,000 kernel[0]: 001386.044754 AppleUSBHCIPort@1d300000: AppleUSBHostPort::forcePowerGated: kPowerStateSleep completed with 0x00000000 after 18446744072557ms
14. 01/03/16 21:17:18,000 kernel[0]: Process[332] crashed: sharedfilelistd. Too many corpses being created.
15. 01/03/16 21:17:18,000 kernel[0]: pid 1 exited (signal 8, exit 0)
16. 01/03/16 21:17:18,000 kernel[0]: Process[334] crashed: Safari. Too many corpses being created.
17. 01/03/16 21:17:18,000 kernel[0]: Process[374] crashed: imagent. Too many corpses being created.
18. 01/03/16 21:17:18,000 kernel[0]: Process[384] crashed: com.apple.WebKit. Too many corpses being created.
19. 01/03/16 21:17:18,000 kernel[0]: Process[335] crashed: Dock. Too many corpses being created.
20. 01/03/16 21:17:18,000 kernel[0]: Process[366] crashed: com.apple.dock.e. Too many corpses being created.
21. 01/03/16 21:17:18,162 diagnosticd[99]: error evaluating process info - pid: 350, puniqueid: 350

Alles anzeigen

Ich kriege irgendwie die Ausgabe auf dem Monitor nach dem Aufwachen nicht mehr hin - er bleibt schwarz bis zum Rechner Neustart... Da stand früher auch noch Info - wird das irgendwo abgelegt?
