## HOW TO FLASH DELL LATITUDE E6520

**Beitrag von „lovemyimac78“ vom 15. Juli 2016, 03:01**

thanks for your feedback guys this is somewhat an ongoing project although im new to this i have successfully hackintoshed four notebooks hp probook 6460b running el capitan with as you rightly said clover and 3 lenovo T410,T61,R400 thanks oliverZ as i say its a project i have started according to pages upon pages i have read it is possible to flash ozmosis to any ami apto UEFI bios im just trying to prove it right
