iMessage

Beitrag von „Cris“ vom 7. August 2016, 20:37

I was using a valid serial number of a IMAC 27-inch end of 2012 and when asked to contact the Apple I provided that number of series of IMAC REAL and provided the client code to them and could activation of Face Time but if you try to access the iMessage I get no activation Face Time ... I need to create a unique serial number ...? and MLB and unique ROM too? sorry my English because I'm from Brazil .. thanks and help me ... !!
