HP Probook Probleme bei der Installation

Beitrag von „al6042“ vom 24. September 2016, 21:18

Du nutzt die DSDT gerade nicht...

In der PCI Liste müssten einige verschiedene Geräte aufgeführt werden, z.B.:

Category	Card	Type	Driver Installed	Slot
ATA	Atheros AR9280 802.11 a/b/g/n Wireless Network Adapter	AirPort	Yes	PCI Slot 1
Audio	ATI 631C/631D/631E HD Audio Controller	Audio Controller	Yes	Built In
Bluetooth	Intel 7 Series Chipset Family MEI Controller	MEI Controller	Yes	Built In
Camera	Intel 7 Series Chipset Family SATA Controller	AHCI Controller	Yes	Built In
Card Reader	Intel 7 Series Chipset Family USB Enhanced Host Controller #1	USB Controller	Yes	Built In
Diagnosics	Intel 7 Series Chipset Family USB Enhanced Host Controller #2	USB Controller	Yes	Built In
Disk Burning	Intel 7 Series Chipset Family USB eHCI Inest Controller	USB Controller	Yes	Built In
Ethernet Cards	Intel 82579LM PCI Express Gigabit Ethernet	Ethernet Controller	Yes	Built In
Fire Channel	Intel HD Graphics 4000	Display Controller	Yes	Built In
FireWire	JMicron 82E51384 Controller	FireWire Controller	Yes	Built In
Graphics/Displays	JMicron 82E51384 Controller	PCIe Controller	No	Built In
Hardware RAID				
Memory				
NVME/Express				
PCI				
Parallel SCSI
