OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „Zhaman“ vom 26. Oktober 2016, 22:14

Yes, that's right! I flashed my bios with your modded bioi. Then i installed macOS Sierra 10.12.0 successfully. And now i want to change the serial numbers. I deleted OzmosisDefaults from the modded bios. Took you Defaults.plist and changed serial numbers. Then i inserted this converted to ffs file into the modded bios. After flashing with the last modded bios macOS not boot.
