## OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „Fredde2209“ vom 28. Oktober 2016, 15:51

Oh, a CPU Panic 🤔 did you overclock your 4790k? If yes, you probably need to create an SSDT.aml and put it into the same folder as the DSDT. Because the file to create an SSDT is no longer available in our Download Centre (for whatever reason), here you have the files you need. Just execute in Terminal 😊
