Ist auch noch das gleiche Kabel wie unter El Cap im Einsatz?

Auszug aus [Wikipedia](#):

Zitat

As of the HDMI 1.4 specification, the following cable types are defined for HDMI in general:[79][80]

- Standard HDMI Cable - up to 1080i and 720p
- Standard HDMI Cable with Ethernet
- Automotive HDMI Cable
- High Speed HDMI Cable - 1080p, 4K, 3D and deep color
- High Speed HDMI Cable with Ethernet

An HDMI cable is usually composed of four shielded twisted pairs, with impedance of the order of 100  $\Omega$ , plus several separate conductors.
