

AMD RX 470 und RX 460

Beitrag von „rubenszy“ vom 22. November 2016, 16:03

So bei der Version 3940 hat sich wieder was getan in Bezug zu den AMD RX 4XX Karten.

- [r3940] change logic for ATI card posted updated platform data by Sherlocks
- [r3939] cosmetics and dumps for Radeon
- [r3938] correct MMIO region for Polaris cards
- [r3937] resorting file system drivers
- [r3936] resort FileSystems
- [r3935] move UsbMouse to Drivers
- [r3934] resorting drivers
- [r3933] restore FatPkg
- [r3932] resorting Drivers
- [r3931] resorting CloverEFI
- [r3930] resort CloverEFI
- [r3929] more information in boot.log and in system
- [r3928] make possible HDMI injection InjectEDID will be switchable
- [r3927] propose gSettings.VRAM is always Mb
- [r3926] correct PNG mistake of 3923 commit
