Nvidia gtx 970 and ozmosis

Beitrag von „Patricksworld“ vom 13. Januar 2017, 15:17

Hello,

sorry for my bad english. My english is bad but my german is better 😊

To start a constructively thread please tell us your hardware specs and save them in your profile.

[Zitat von ziskinb](#)

config.plist

For sure? I only use clover. But with ozmosis you have to change the defaults.plist

And why you want to switch from Clover to ozmosis? What is the problem with clover?

best regards

Patrick
