## Nvidia gtx 970 and ozmosis

Beitrag von „Fredde2209“ vom 13. Januar 2017, 21:00

Juhu... [@derHackfan](#)

Do you already use a "patched" Defaults.plist in EFI/Oz? If you do so, please try to upload it here, so that we can have a look at it. If you don't, we can extract the one, that is in your Bios, edit it and send it to you, so that you can put it in EFI/Oz.
