Code

```
1. iMac:Downloads crazycreator$ ./script.command
2.
3.
4. -----
5.
6.
7. wait for Download to begin...
8.
9.
10. ./script.command: line 123: [: =: unary operator expected
11.
12.
13. ./script.command: line 127: [: =: unary operator expected
14.
15.
16. ./script.command: line 131: [: =: unary operator expected
17.
18.
19. ./script.command: line 135: [: =: unary operator expected
20.
21.
22. ./script.command: line 139: [: =: unary operator expected
23.
24.
25. ./script.command: line 143: [: =: unary operator expected
26.
27.
28. ./script.command: line 147: [: =: unary operator expected
29.
30.
31. ./script.command: line 151: [: =: unary operator expected
32.
33.
34. ./script.command: line 155: [: =: unary operator expected
35.
36.
37. ./script.command: line 159: [: =: unary operator expected
38.
39.
40. ./script.command: line 163: [: =: unary operator expected
41.
```

42.

43. -----

44.

45.

46. iMac:Downloads crazycreator\$
