

Erledigt **AppleALC ins BIOS**

Beitrag von „crazycreator“ vom 12. Februar 2017, 18:25

[@al6042](#) recht hast du ALC892

[@Fredde2209](#)

das steht jetzt im terminal:

Code

1. Last login: Sun Feb 12 14:57:46 on ttys000
2. iMac:~ crazycreator\$ /Users/crazycreator/Downloads/script.command ; exit;
3. No VoodooHDA detected!
4. -----
5. wait for Download to begin...
6. /Users/crazycreator/Downloads/script.command: line 99: [: =: unary operator expected
