

In Arbeit

XiaoMI 12,5 Zoll (m3 6Y30|4GB RAM) mit Sierra

Beitrag von „VecienzG“ vom 24. Mai 2017, 20:19

i get stuck on

IOConsoleUsers: gIOScreenLockState ...

i tried to disable inject intel, it's an error?

EDIT: I think this is a problem on clover installation, in the guide "Drivers64UEFI" it's not all selected and i don't know what check and what no
