

Lilu - Generic kext patcher (neue Grundlage für diverse Kexte)

Beitrag von „Noir0SX“ vom 29. Juni 2017, 23:52

v1.1.5

- Increased executable memory buffer to page size
- Added auth-root-dmg support High Sierra installer detection (thx Piker-Alpha)
- Added -liluforce to force enable Lilu in safe mode and recovery
- Added preliminary Xcode 9 compatibility
- Added support for unloadable kexts
- Merged official capstone patches up to c508224
