Kein Audio device mit Sierra 10.12.5

Beitrag von „derHackfan“ vom 10. Juli 2017, 14:57

Meistens gibt es ja mehrere Layout IDs angefangen bei 1 uns die gilt es jetzt nacheinander auszutesten ... finde ich gerade am Handy nicht. 😄

File	Commit Message	Time
Info.plist	Added ALC885-V0 for MedionP9610 by MacPest	5 months ago
Platform71.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
Platform29.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
Platform29.xml.plist	Added ALC885-V0 for MedionP9610 by MacPest	5 months ago
PlatformM.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
PlatformM4.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
Platform7.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout1.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout11.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout2.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout26.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout29.xml.plist	Added ALC885-V0 for MedionP9610 by MacPest	5 months ago
layout3.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout4.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout5.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago
layout7.xml.plist	Repacked all the resources with updated tools (approximately 95% size...	7 months ago

Edit: Ich habs gefunden ...
