mac os high sierra and Ozmosis

Beitrag von „nrchandar0100“ vom 22. August 2017, 03:07

Hi,

When will you release High sierra Ozmosis rom?. I am using sierra rom for my OS 10.12.6 and if i want to install high sierra on a separate hard disk and if modify or install APFS ffs in to the existing rom will it work? and from where will i download APFS kext

Thanks

Ram
