## Erledigt macOS sierra in Thinkpad E560 help needed

## Beitrag von "Web Developer" vom 5. September 2017, 15:11

What you did to make it work? and I want to ask you, should I use the SSDT that I generate in post 24 ( Is I generate it right?)

or should I use the SSDT from @iPhoneTruth files?

## EDIT:

It appears that the battery percentage is shown right, but the Battery icon turn to RED color at 94%

maybe there is a small problem need to be fixed
