## Erledigt macOS sierra in Thinkpad E560 help needed

## Beitrag von "Web Developer" vom 5. September 2017, 16:40

The battery problem not solved with "Use dark menu bar and Doc" and it show me the notification "Low Battery your Mac will sleep soon unless plugged into a power outlet." but its not sleeping after the message appear

and sorry for missing the attachments, now in the attachments  $\stackrel{ extstyle extstyle$ 

## **UPDATE:**

Another problem that I have a dual boot, macOS and Windows 10 in macOS the battery level is 61% and if i reboot and entered Windows 10, I found the battery level is 55% Is that normal?
