Audio über HDMI an GIGABYTE GA-B150N

Beitrag von „kocko“ vom 16. Oktober 2017, 11:14

This makes me angry at Apple. Man to use two to three programs to set up sound.

Clover has a simple Import Config.plist, Kext Wizard simple import kext.

But I can not do this anymore. I did then do Recovery via Acronis - PC No bootable. 🙄

Thank you for your help, but stay with the 3.5 mm cinch cable ...
