

# Erledigt HP Pavilion dv6-6109sg

Beitrag von „Grimford“ vom 18. Oktober 2012, 20:28

The screenshot shows the 'System Info' window with the 'Devices' tab selected. The window displays a table of installed hardware components. Two devices are listed with green checkmarks in the first column, indicating they are recognized or working correctly.

	Ven ID	Vendor	Dev ID	Device	Class	Subclass
✓	1033	NEC Corporation	0194	uPD720200 USB 3.0 Host Controller	Serial bus controller	USB Controller
✓	1002	ATI Technologie...	6740	Whistler XT [AMD Radeon HD 6700M Series]	Display controller	VGA compatible ...
