## **Galaxy Book 12 El Capitan on Oled device**

**Beitrag von „modzilla“ vom 20. Oktober 2017, 13:54**

Try this one, if it doesn't work try to change the layout id of the -DSM Method within HDEF Device from 0x0B (ID: 11) to 0x1C (ID:28) and if that doesn't work either try 0x48 (ID:72) (Picture attached on how to do that)
