# Neue Themes / Ozmosis GUI / BootMenü / UserInterface

Beitrag von „Veemyu“ vom 1. November 2017, 22:37

Great [@alanlcarlos](#)

That's just what I wanted, but the font looks like it's too small for 1080P almost like it's vanishing pixels.

But other than that, it's really amazing. Almost a full Mac Experience.  
Thanks and, keep on diggin' 😁 !

Greetings,  
Alina.
