

Anleitung: High Sierra auf HP Elitebook 8460p mit Intel Core i7-2620M und ATI HD 6470M

Beitrag von „anonymous_writer“ vom 20. November 2017, 15:33

That pleases me very much and I also know what kind of work you have done.

Can you load up your config.plist. Then I post it on tread 1 of this guide.
Question to "whatevergreen.kext ". Is this kext really needed?
