activation of the audio in High Sierra 10.13

Beitrag von „exquyre“ vom 30. November 2017, 00:36

I found the file. If by codec you just meant ALC1150, I could have told you that, as it says so on <https://geizhals.at/asus-rog-m...0lx0-m0eay0-a1306336.html>

I thought ALC1150 is the Chip Model
