

Erledigt **Hp 8470p Fixes!**

Beitrag von „pole“ vom 15. Januar 2018, 23:52

Oh my goodness, it's worked!

Pictures under playing 4k60fps, smooth as hell. (some frame-drop)

Big Thanks Griven!

Edit:

Anonymus writer:

I have something for you, icc profile with Datacolor Spyder3Elite for 8460p. (not mine)

I recommend it to you: Acpioller.kext for better control. (PI:Fan display in Hwmonitor)
