reconstructing ramdisk image...
* Image built successfully!
Bios successfully saved to '/Users/uwenigge/Desktop/Ozmosis/OZMTool/output/XH97V000.ozm'

Starting verification... if you see any unusual warnings/errors -> DONT USE THE IMAGE!
NOTE: You are using this application on your own risk anyway..
NOTE: 'parseInputFile: descriptor parsing failed, descriptor region has intersection with BIOS region' can be ignored..
```

Das ging da alles rein und jetzt bin ich selber mal gespannt was dabei heraus kommt. 🍌
