

Sierra 10.12.3 auf HP ProBook 6470b

Beitrag von „DanielMOVG“ vom 31. März 2018, 17:35

I know that I ask one year late and I ask in english, but I have to. I've managed to install High sierra on my 6470b but the audio is not working, it only works if I use voodooHDA. Any ideas?
