dell latitude e7470 Help

Beitrag von „bbmatias3“ vom 9. April 2018, 09:18

Hello I was wondering if anyone could help me. I managed to install Mac Sierra on dell latitude e7470i5 6200u / 8 gigs of ram / Intel hd 520. Everything works good except sleep. And the weird thing is that I can boot into the laptop with the charger plugged in(it charges) . Once I disconnect it it freezes. Same if I boot without charger and I plug in the charger it freezes. Any idea!i have not patched my dsdt don't know how to
