macOS Sierra upgrade macOS High Sierra

Beitrag von „a250995788“ vom 22. April 2018, 16:28

delete the whole /EFI/CLOVER/drivers64 ? Delete this folder? Does not affect the start of 10.12.6.

and /EFI/CLOVER/drivers64UEFI What's not useful to delete? could you give me your opinion?
