## Ozmosis Configurator - Hilfe und Diskussionen

Beitrag von „WeWin“ vom 29. April 2018, 16:07

Hey [@cecekpawon](#),

hackintosh-forum.de neither me are the developer of this nice app. Its mackie100, you can find more information about him and the project on his website -> <https://mackie100projects.altervista.org>. Maybe you can send him an email with your feature request to improve his the configurator.

Thats a nice script, if you dont mind I would attach it to the first thread. 👍
