Sierra auf einem Lenovo E460

Beitrag von „Harper Lewis“ vom 22. Mai 2018, 09:25

It looks like your setup is based on Rehabman's laptop repo. I am wondering why you are using 0x191b0000 instead of 0x19160000 for ig-platform-id under "graphics"? You should also check your log files for kernel panics.
