{ungelöst} DSDT für Audio - Gigabyte GA H81N

Beitrag von „bigwit“ vom 30. Mai 2018, 08:17

Hi

Did your ALC887 worked fine at last with AppleALC + Lilu ?

I have same mobo, the ALC887 does not work,
I don't want to use VoodooHDA, just want to use AppleALC in BIOS,

any help ?
