Hier noch MSI B150M...

The screenshot shows the 'System Information' window in macOS. It displays various hardware components and their details:

- Wireless Network Adapter:** Intel HD Graphics 530 (Model: Ds191800002)
- Audio Device:** Realtek ALC892 (Model: Ds1482F972)
- Storage:** Samsung SSD 840 EVO 250GB (SATA, Internal, 512) and ST2000LX001-1R074 (SATA, Internal, 4096)
- System Report:** A detailed list of hardware components including Intel Corporation chipsets, Realtek audio controllers, and various Intel and AMD controllers.
