macOS Mojave Ozmosis BETA – OZ167X-XMAX

Beitrag von „kuckkuck“ vom 24. August 2018, 11:51

[Zitat von nrchandar0100](#)

i installed HDMI audio kext in clover efi

This thread deals with Ozmosis. If you are using Clover, please use a different section of the forum.

If you are having individual problems, please open a new thread.

I don't use and have never used "HDMI audio kext" in my life. I solve HDMI Audio by patching the DSDT.
