

# **Anleitung: High Sierra auf HP Elitebook 8460p mit Intel Core i7-2620M und ATI HD 6470M**

**Beitrag von „anonymous\_writer“ vom 2. Oktober 2018, 08:42**

Hi [@ssprod](#),

EFI-Folder Post #43 was was not quite finished.

Try it with EFI-Folder from Post 1 and the "config\_i5\_2520m\_mit\_der\_HD6470M.zip" from Post 1.

If the laptop boots with EFI Post 1 update the EFI folder with this tool.
