OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „mitikoge“ vom 5. Oktober 2018, 19:19

Good morning everyone, I would have a request if possible.

On my pc as a signature I installed high sierra with ozmosis thanks to derHackfan on p. 88 that prepared me the files to be installed in the bios, is it possible to have new files for the new Mojave operating system? I thank derHackfan again for the vechhi files for high sierra.

bios originale:
