## **OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]**

**Beitrag von „kuckkuck“ vom 14. Oktober 2018, 18:39**

Are you talking about that dOZ? That isn't developed any further afaik...

I'd recommend using Clover with Z370, Ozmosis is experimental on that platform and needs to be partially "disabled" to work. If you really want to experiment, please open a new thread and I will join in to get Ozmosis to work on your motherboard using e.g rEFInd.
