## Dell E5420 High Sierra Issues

Beitrag von „al6042“ vom 25. Oktober 2018, 20:41

Hi... 😊

Please use the "Attachmenta" function to post files... we do not prefer external filehosters, 'cause you never know how long the files will be available.

Also please add your current EFI-folder, without /FEI/APPLE directory, as a zip-file.
