

Erledigt VRAM erhöhen HD630

Beitrag von „schmalen“ vom 28. Oktober 2018, 19:30

[Fab](#) Den Speicher habe ich auf 2048 erhöht, Dank [Noir0SX](#) der mir die Properties zur Verfügung gestellt hat

The screenshot shows the 'Arbitrary Patcher' application with the 'Properties' tab selected. The 'Device' is set to 'Polaris10(1)Polaris10_A0'. The 'Properties Key' column lists several keys, and the 'Properties Value' column shows their corresponding values. The 'Value Type' column indicates the data type for each property.

Device*	Properties Key*	Properties Value*	Value Type
Polaris10(1)Polaris10_A0	transbuffer-sizebytes	00002001	DATA 0
	transbuffer-patch-enabled	00000000	DATA 0
	transbuffer-uriflagman	00000000	DATA 0
	AMFI_by_platform-id	00001234	DATA 0
	transbuffer-flags	00000000	DATA 0
