

# Lilu - Generic kext patcher (neue Grundlage für diverse Kexte)

Beitrag von „NoirOSX“ vom 30. Oktober 2018, 16:18

## v1.2.8

- Fixed CPU generation detection for Coffee Lake-U
- Fixed PEGP detection with 3D Controller `class-code`
- Fixed userspace patcher compatibility with macOS Mojave
- Allow manually specified reservation in `evector`
- Improved version information printing in DEBUG builds
