## **OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]**

**Beitrag von „kuckkuck“ vom 15. November 2018, 13:48**

Oh, so it was a CSM problem? I didn't think of that but that's possible, since CSM provides the possible resolutions for GUIs at this boot stage, which can lead to issues if the Theme is too big and thus not supported...
