Help with my Dell 5570.

Beitrag von „mathewgx“ vom 24. November 2018, 18:17

Hi.

I have a Dell 5570 (Intel i5-8500u , uhd-620) and I'm on High Sierra with a clover from another laptop with similar hardware.

Can anyone help me with acpi hotapch for my own laptop?

Thanks in advance.
