OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „kuckkuck“ vom 29. November 2018, 15:38

[jormcken](#) Try this ROM:

[H77NWIFI.F4-XMAX.rom](#)

[HackMac2017](#) Though your ROM is a bit tricky, I managed to include these files into your ROM. If you want to use a Theme, load it from the EFI.

-  1. EnhancedFat.ffs
-  2. HfsPlus.ffs
-  2. PartitionDxe.ffs
-  3. ApfsDriverLoader.Rev-2.0.4.ffs
-  4. AppleBootPolicy.ffs
-  4. DarBoot.ffs
-  4. Ozmosis.ffs
-  5. OzmosisDefaults Allgemein.ffs
-  6. KernextPatcher.ffs
-  7. FakeSMCv1800.ffs

Please give me feedback if the provided ROM works! [MAXIMUS-VI-GENE-ASUS-1603.CAP-XMAX.zip](#)
