

# AirportBrcmFixup Patch Sammlung für Broadcom Airport Wi-Fi Karten

Beitrag von „anonymous\_writer“ vom 28. Dezember 2018, 21:00

v1.1.6

- Try to resolve linker issue with `__ZN13Configuration18bootargBrcmCountryE` (with older Xcode versions)

v1.1.7

- Use separate variables and methods `wlc_set_countrycode_rev` & `siPmuFvcoPllreg` for every driver
- Introduce a new boot-arg `brcmfx-driver=[0|1|2]`, 0 - AirPort.BrcmNIC-MFG, 1 - AirPort.Brcm4360, 2 - AirPort.BrcmNIC
- Remove redundancy boot-args `wl_msg_level` and `wl_msg_level2` (they are supported by Apple)
- `pci14e4,43b1` & `pci14e4,43b2` matched also to `AirPort_BrcmNIC`

v1.1.8

- Support `AirPort_Brcm4331`
