## Panic beim Booten

Beitrag von „jailbreaker“ vom 10. Januar 2019, 16:31

Hi Leute. Ganz kurz, seitdem ich auf latest Clover bin, bekomme ich dauerhaft kernel panics beim booten, kann aber im Safe mode starten. Habe zuvor noch CleanMyMac X laufen lassen (mache dies regelmäßig, denke also mal, dass das nicht das Problem sein kann). Den Log, welchen das System bereitstellt findet ihr unten. Ich bin jedem unglaublich dankbar, der mir vielleicht bei diesem Thema helfen kann. (Habe keine neuen Programme oder sonstiges installiert, kann mir auch nicht wirklich vorstellen was das Problem sein könnte.)

Im Safemode kann ich irgendwie keine alten Clover Versionen installieren.
