Hi, I would like to ask if it's possible to mod this board's bios:

- 1) Asus
- 2) MAXIMUS VII RANGER (rev. 1.02)
- 3) Chipset Z97
- 4) Bios version 3503
- 5) Bios: <https://dlcdnets.asus.com/pub/...-VII-RANGER-ASUS-3503.zip>
- 6) OS: MacOS Mojave
