# OZMOSIS REQUEST THREAD / Ozmosis Anfragen [1. Beitrag beachten!]

Beitrag von „guyezi“ vom 2. Februar 2019, 10:49

Hey given,

I mod a Ozmosis bios, update BIOS can identify OSX system disk.

But it can not enter smoothly and prompt forbidden symbols.

ATI Framebuffer needs to be changed. I don't know how to change it.

I hope hackintosh friends can help me with bios!

Thank you very much!
